Economy of Francesco

The Economy of Francesco is a global movement of young adults from 130 countries around the world to give a new soul to the economy - one that is fair, sustainable and inclusive, with no one left behind.

Welcome from Fr Chris

Opening Prayer

Walk beside us, Lord, in the cool of the day, in the garden you have created as our common home.

Grant us grace, Lord, to put the flourishing of all people and the wonder of your creation at the heart of all we do, as we strive to be guardians of Our Common Home.

St Francis, pray for us.
